Working Group on CAREER BENEFITS

Problem:

To recommend to the Career Service Committee the scope of and degree to which "Career Benefits" are necessary and desirable; in what manner these can be applied to develop an esprit de corps; how, in particular, tangible or intangible compensation may be made in connection with assignments to hardship or unhealthful overseas posts; how to administer and to determine the application of hazardous duty pay; whether bonuses and meritorious promotions can or should be used as reward for outstanding performance or as compensation for achieving and maintaining certain skills; whether a special retirement system is needed and if present disability and death compensations are adequate; to recommend a legislative program to effect the above.
